

You have found a magic carpet that can take you to a school where **deep learning** is occurring...

When you look down what do you see?

- What are the students **doing**?
- What do you hear them **saying**?
- What sort of **tasks** are they working on?
- What **resources** are they using?
- What is the teacher **doing**?
- What are they **saying**?

Take a Magic Carpet Ride Over Your School
